## **Congratulations to all the staff at CAREERS for a job well done!**

**ACCES-VR (formerly VESID) conducted a first-time fact-finding mission on one of our newer programs that went extremely well!.**

**The experienced auditor was very impressed that we have so much consistency between our two offices that he could have reviewed just one case record, instead of many, and still come to the same conclusion.**

**According to the auditor, everything was very well documented, including date stamping, follow-up with clients, job development plans, resumes, contacts, client visits, prepping clients for interviews, following up with employers to get a job, as well as following up with clients after they are placed.**

**The auditor stated: "While most programs do the bare minimum, CAREERS staff do what is right and across the board for everyone."**

**We are very proud and pleased with the results and thank all our staff for their hard work and dedication to our program and clients.**
