

THE SEASON OF GIVING

Many CAREERS' clients find it challenging to buy the food and gifts traditionally used to celebrate the holidays so each year, CAREERS' staff finds ways to enable our neediest clients to better enjoy the season with their families.

During this 2012 Christmas season, we distributed toys to 10 of our clients' children between the ages of 2 and 15, after CAREERS' Executive Director Tina Cornish-Lauria contacted the Westchester and Putnam Counties division of Toys for Tots. This organization, coordinated by the Marine Corps Reserve, has once again enabled us to help brighten the holidays for the children of some of our neediest clients. CAREERS clients, as well as staff, are grateful for the ongoing support and generosity of this well-respected institution.
