CAREERS For People with Disabilities, Inc. is a not-for-profit organization that finds productive employment for individuals with learning, developmental, psychiatric and/or physical disabilities. We also provide extensive on-the-job training and ongoing support services and case management. CAREERS' fundamental mission is to assist its clients in achieving the satisfaction of sustained, gainful employment within their communities, regardless of their religious, cultural or national background.

Dear Friends:

For almost 25 years, we have continued to be creative in meeting the needs of our clients and their families. The past fiscal year was even more difficult than the year before due to continued funding cuts which forced us to keep our salaries and budget at the same level for the third year in a row, despite rising costs. We have persevered, as always, with the following positive results:

- In 2011, CAREERS secured 98 new job placements for individuals with disabilities throughout Westchester and Putnam Counties - a 26% increase over the prior year. Equally important, we helped the majority of our clients retain their jobs – even as the general populous continued to experience layoffs.
- CAREERS provided supported employment services to 466 individuals in need.
- CAREERS began a new program funded by a state grant. Our Enhanced Supported Employment Program provides services to individuals that need additional extensive support services to prepare them to enter our regular supported work program and obtain employment.

The following is an overview of income and expenses for fiscal year ended December 31, 2011.

<u>Total Support & Revenue:</u>	\$1,095,625
Program Expenses:	\$ 891,382
Administrative Expenses:	\$ 173,395
