Dear Friends, Families and Supporters,

We are thrilled to be here with all of you! As the year draws to a close, I am reflecting on our journey. CAREERS was established in 1987 when a group of parents united to find employment opportunities for their adult children with disabilities. Thirty-four years later, we are still going strong, with programs tailored for high school students, adults with disabilities, and now seniors.

We couldn't do it without the support of all of you.

We celebrate virtually tonight as the COVID pandemic stretches into its second year. Our clients are valued employees, and many stayed on the job or found new positions as businesses reopened. Tonight we recognize the anniversaries of nearly 200 of our wonderful clients and devoted staff, and our many supporters and family members. We are reminded of how a positive attitude can be a very powerful force in an uncertain world.

Many supporters play a key role in our success and we thank all our sponsors and journal ad donors, who recognize our clients' accomplishments in our journal. To our corporate and foundation supporters, we are grateful that you choose to fund our mission and help make the lives of people with disabilities more fulfilling.

Whether this is your first year with CAREERS or your 34th, we are happy to celebrate the efforts that brought you here today.

Sincerely,

Tina Cornish-Lauria

YOU DID IT!
CONGRATULATIONS!

Who We Are and What We Do

CAREERS Support Solutions is a nonprofit agency that teaches workforce readiness skills, finds productive employment for individuals with disabilities, and provides ongoing support to assure long-term job success. We also provide prevocational services to participants not yet ready to enter the workforce through a variety of programs funded by ACCES-VR, OPWDD and OMH:

Workforce Readiness Program

Classroom instruction to teach skills needed to apply for work, interview, obtain and maintain employment and manage finances.

Supported Employment Program

Individualized job placement, on-the-job training and ongoing assistance for as long as necessary to maintain employment.

School-to-Work Transition Program

Classes tailored to students along with site-based internships designed to ease the transition from the classroom to the workplace.

Ambition in Motion (AIM) Program

Day habilitation without walls program where participants learn interpersonal, social and work skills while volunteering in the community and enjoying various community activities.

Pathway to Employment Program

Person-centered employment planning and prevocational assessments to help individuals discover their strengths and interests by volunteering at local job sites.

Employment Training Program

Increased job coaching and supports to foster work skills in paid internships that can lead to permanent employment.

Community Prevoc

Unpaid work experiences with job coaching to learn skills and build on strengths to overcome barriers to employment.

Congratulations to the dedicated staff at CAREERS
who provide crucial services to so many in our
community.

Thank you for all you do to help such deserving
people find and maintain jobs all over Westchester,
Putnam and Dutchess Counties.

And to our many clients who have worked faithfully
for so many years – congratulations on whatever
anniversary you are celebrating!

Keep up the great work!

Karen Brown

Are you a Senior (55+) in need of a job? CAREERS can help!

Jobs for Seniors

is our new program to help people age 55 and older find and keep a job. This program is free for senior citizens in Westchester, Putnam and Dutchess Counties.

We are happy to fill an important need in our community. Research shows that people in this age group were more likely to lose their jobs last year and took longer to find a new position than younger workers.

Our Employment Specialists provide services tailored to meet the needs of each senior in the program, from updating resumes and job skills to arranging interviews to on-the-job support – if needed.

What is CAREERS Ambition In Motion (AIM) Program all about?

Our day habilitation program offers adults with disabilities a way to learn life skills and independence by volunteering, preparing meals and enjoying a variety of activities.

For our clients, AIM is just plain fun! Our men and women with varying degrees of abilities enjoy doing something different every day. They attend yoga classes, attend baseball games, play mini-golf, shoot pool, bowl, help out at local food pantries, collect cans and bottles for recycling, and tend a vegetable garden -- just to name a few activities.

Our Employment Specialists work with each client to tailor activities that best match their needs and interests. Like all CAREERS programs, AIM is offered at no cost to clients.
